

## WHO WE ARE

At Camp Solomon Schechter we build strong Jewish community through summer and year-round programming dedicated to improving campers' social skills, helping them deepen their Jewish identities, and discovering new talents and abilities. A summer at camp enables children to try new activities, gain self-confidence, and develop life-long Jewish friendships built upon the foundation of a shared identity.

## WHAT WE DO

Our mission at Camp Solomon Schechter is to build a community of individuals. We blend Jewish tradition and culture as the foundation of the camp experience, integrate nature and activity to create fun and foster appreciation for the outdoors, and embrace the child in every person. At camp we adhere to the values of integrity, *derekh eretz* (respect), and *tikkun olam* (repairing the world) to build a magical and singular environment, where Judaism and Joy are One.

## WHY IT MATTERS

We believe camp should be a place where all children, regardless of financial circumstances, can grow, connect, and thrive. By becoming a sponsor, you make this vision a reality - helping families send their children to camp and enriching our community with diverse voices.
